

That Little Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a history of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

By J. W. BAINS.

ST. LOUIS SECOND

Two games were played in the Grammar School League yesterday, bringing the series to an end, excepting one game to be played between St. Louis and Normal. This one match can have no effect on the positions of the four leading teams, for if the Normals won St. Louis would still be second and Normal fifth.

The Kamehameha team finished up with a win against the Centrals by two goals to nil. Both goals being netted in the second half. The first goal was very even, but in the second the Kamehameha boys had the better of matters.

St. Louis beat Iolani by one goal to nil, the score being registered in the second spell. The match was close throughout.

The competition table is now as follows:

Name	W.	L.	D.	G.	A.	Pts.
Kamehameha	7	0	0	20	0	14
St. Louis	4	1	1	10	3	9
Kamehameha	3	2	2	9	6	8
Punahou	3	1	4	2	8	8
Normal	1	2	3	2	5	5
Iolani	1	3	3	0	4	5
Centrals	2	4	1	4	6	5
Royals						Resigned.

PUNAHOU SCENTS VICTORY.

The final match of the season between the College of Hawaii and Oahu College will be played on Alexander Field at 3:30 this afternoon. This game will decide the championship of the year and it is generally anticipated that the Puns will emerge from the contest victorious. The game promises to excel the two preceding matches. This is the last chance for the Hawaiis to down the Puns and snatch the championship from them. Consequently the Hawaiis will enter today's game full of determination, and they hope to be able to pull off a couple of trick plays which should surprise their opponents. The advantage of weight lies with the Puns, but it is not so great as has been stated, averaging perhaps less than ten pounds per man, but nothing like the twenty per man, which has been alleged. Nevertheless, the Puns are the heavier and can hold the Hawaiis down when it comes to attempting to buck through. It is only by sharp, quick, snappy play that the Hawaiis can hope to circumvent their opponents.

The Puns are confident of victory and point to last Saturday's game as a reason for confidence. On that occasion the Puns had the better of the game and did not fumble as much as during the first match. The team is in good fettle and expects to win out safely this afternoon.

HALL TO SPAR PATON.

By Monday it is expected that a final announcement with regard to the proposed battle combats will be made. So far there has been nothing done beyond discussing the matter but tomorrow morning Alf Hall will submit to a try-out and on this depends the match. Hall has to make good against Mike Patton before he will be given a match against Joe McGurn, and those who have talked with Hall seem to think that he will come out of the ordeal with flying colors. If Hall does so, then the forfeit is to be posted. Hall has agreed to put up \$100 as a guarantee of good faith. When Monday arrives it should be one thing or the other, either there will or there will not be a match.

Jackson has secured the option on the Asahi Theater for the match and reports that the hall is admirably suitable for the contest. The stage is

roomy and will provide for four hundred ring-side seats, while the body of the hall and the gallery will seat seven hundred more. Jackson is enthusiastic as a promoter and promises to have everything in shape as far as his end of the matter is concerned. If the fighters are satisfactory, Jackson says he can do the rest. Prices for the bout will probably range from \$2 to fifty cents.

SOCCER DISPUTE SETTLED

The captains of the Malles, Puns and High School have decided on the early games for the Hawaiian Association Football Schedule, the Highs and the Puns to play in four of the six early games and the Honolulu two of the early games. The difficulty about arranging the schedule arose from the fact that the Honolulu Iron Works team could not promise to get on the ground in time for early matches, but after some discussion the boys agreed to turn out in time for two of the six early matches each. The High School agreed to play four, but neither the Puns nor the Malles would give way on that proposition, both wishing to play in the second games. The matter was at a deadlock until last Thursday evening when the captains met and after further discussion agreed upon the Puns playing four early matches.

The series will commence on the 17th inst., when the Malles and High School will meet in the early match and the Puns and Iron Works in the second match.

The games will be played on the Makiki ground and are expected to provide considerable entertainment for spectators. The teams are now getting into shape, practice being the rule generally.

The limited stops only at Pearl City and Waianae outward, and Waianae, Waiawa and Pearl City inward. 1 Except Sundays. 2 Sundays G. P. DENISON, only. P. C. SMITH, Superintendent. G. F. A.

LEGISLATION WHICH KONA IS TO ASK FOR

HILO, Nov. 29.—Representative-elect Julian Yates, who recently in the Tribune made a statement of some of the legislation which is being considered by the legislators from the leeward side of the island, was in Hilo again last week, and told of another bunch of legislation which will be introduced in the House, either by Yates himself or some of his brother Representatives from the other side of the island.

One of these propositions consists of an amendment to the County Act which will provide that the Deputy County Attorney for Hawaii be made to reside in Kona.

Another bit of proposed legislation of interest to the County is an act providing that the money used as evidence in gambling cases should be turned over to the Counties, whereas at present it goes into the territorial treasury. It is also proposed to introduce an act providing that the money paid for liquor licenses be turned over to the Counties, and a bill providing that the fees paid for service of the civil papers, which at present go into the pockets of the police officers making such service, be paid over to the Counties.

One proposed bill will provide that all railroad and mill engineers must be examined and licensed, as is the case now with marine engineers under a federal statute. Yates explains that the idea of this measure is to prevent the supplanting of well paid citizen engineers by cheaply paid Asiatics. The introduction of legislation on the lines of an employers' liability act is also contemplated.

Another bill which the people of Kona are very anxious to have passed is one relating to fencing, which will put a stop to the running of cattle on the public roads. Yates states that it is at present positively dangerous to drive at night along the roads of Kona on account of the large number of cattle which are allowed to graze there.

Finally, the Konaites are figuring on introducing a couple of bills of more general interest. One of these is to provide that the statute of limitations shall not run against persons not residing in the Territory, while the other will provide for an appeal in all cases of contempt of court.

Yates stated finally that he was not in favor of the proposition to bring the system of public instruction under the County control.

CIRCUS MONDAY.

The elements have taken a hand in directing the destinies of the circus combination, for owing to the strong winds that have been prevailing lately, the assistants have not been able to raise the gigantic canvas. Men have been watching every opportunity to have the work completed, but the wind has never lulled long enough for them to carry out their purpose. Consequently all work in this direction is at a standstill, and the management has been forced to postpone the opening until Monday night. By that time it is hoped that the wind will have dropped sufficiently to enable the employees to have everything in readiness for the grand opening.

For the real thing in coffee see McChesney & Sons, Merchant street near Nuuanu. Kona coffee put up in tin boxes for shipment by mail is one of McChesney's latest innovations.
